#### Substance: Mill scale (ferrous metal)

Dear Mill Scale Pre-registrant:

Our mill scale experts group has analysed the results of the last sameness survey and we are now ready to put forward the final sameness description and specification and also to nominate the Lead Registrant for Mill scale [Eines number 266-007-8, CAS number 65996-74-9].

#### Sameness

There has been a change to the description of Mill Scale - please click on this link to view the [Home Page of the Mill Scale SIEF](#) which includes the revised sameness description as well as the sameness specification.

#### Nomination of Lead Registrant

After due consideration, ArcelorMittal has confirmed that it is willing to be nominated as Lead Registrant for Mill Scale. The Iron Platform supports the nomination of ArcelorMittal and urges pre-SIEF members to do likewise. The Iron Platform will support ArcelorMittal in the preparation of the REACH registration dossier for Mill Scale.

#### Online Questionnaire

We have created a simple online questionnaire by means of which pre-SIEF members can confirm their agreement to the sameness description and specification, vote for the Lead Registrant and indicate their eventual requirements for a letter of Access. Please follow this link to the [ONLINE QUESTIONNAIRE](#) and complete it as soon as possible for each of your legal entities [if you are an Only Representative, please complete one questionnaire for each of your Principals]. The deadline for completion of this questionnaire is April 9th 2010.

Thank you in advance for your prompt attention to this email!

Chris Barrington  
Iron Platform Secretariat

## REACH registration for specified IRON substances
