Platform substance portfolio](#)

#### **Substance: Iron Sinter + Iron Ores, Agglomerates [pellets]**

Dear Members of the SIEFS for Iron Sinter [Einecs number 265-997-9, CAS number 65996-66-9] and Iron Ores, Agglomerates [pellets, Einecs number 265-996-3, CAS number 65996-65-8]:

Further to our emails of July 11th 2010, we have made some modifications to the guidance documents on analytical methods for sinter and pellets - addition of treatment of particle size distribution and a brief summary section at the end. We apologise for any inconvenience caused. Links to the updated documents are given below.

We will soon be issuing guidance documents on completion of sections 1 and 3 of the IUCLID 5 dossier by member registrants which we hope will clarify the process.

#### **[Analysis of pellets](#)**

#### **[Analysis of Sinter](#)**

Rob Versfeld, Corus  
Chris Barrington - Iron Platform Secretariat

REACH registration for specified IRON substances
